

CAM'S WAR

In the very near future, an environmental apocalypse has destroyed the planet's infrastructure and plunged the world into a dark savage age.

What remains of civilization is concentrated in small closed citadels, while bands of outlaws roam through abandoned suburbs raiding and spreading terror. Few dare to cross these ravaged wastelands and those who do will struggle to survive.

This is the story of Charlie and Dede, brother and sister. They lost their father when they were very young and grew up sheltered and isolated in an old mine protected by their mother, Joy.
